

MRS. STEIN'S EXAM WAS COMPLETED AT 4:20 P.M.

SO WAS THE FULL RESOLUTION, 1K X 1K DVD COPY.

Do you want an easier way to burn images to DVD on your C-arm? Now you can record exams from your mobile C-Arm as they happen with the only recorder that captures full resolution, full motion, DICOM format exam copies automatically.

Only MDR-Video provides this powerful feature combination:

- Simple "step on the gas" recording
- Disks ready in less than 3 minutes
- 1Kx1K format for superior image quality over SVHS or MPEG
- "Grabs" patient information from screen for full identification
- Indexed single or multiple patient copies
- DICOM format playback with viewer on disk
- View on Windows® PC and most PACS workstations
- Digital copies for pennies per exam
- MDR is developed by the maker of the DiCOM box®
- We offer MDR models compatible with your C-arm model

Why wait? Improve workflow. Improve exam copy quality. Immediately. Simply.

MDR® VIDEO DICOM DVD RECORDER

Why wait? Improve workflow. Improve exam copy quality. Immediately. Simply.
